posters and other printed matter

posters, leaflets programs and stickers

Leaflets and posters are the most widely used form of presentation. They are factory-efficient and serve to reach a wide range of potential visitors.

The most common variant of leaflet sizes are size sizes A6,A5, A2, A3 posters and paper weight and paper

type depend on the purpose of use and your ideas.

Leaflets can be classic or stacked.

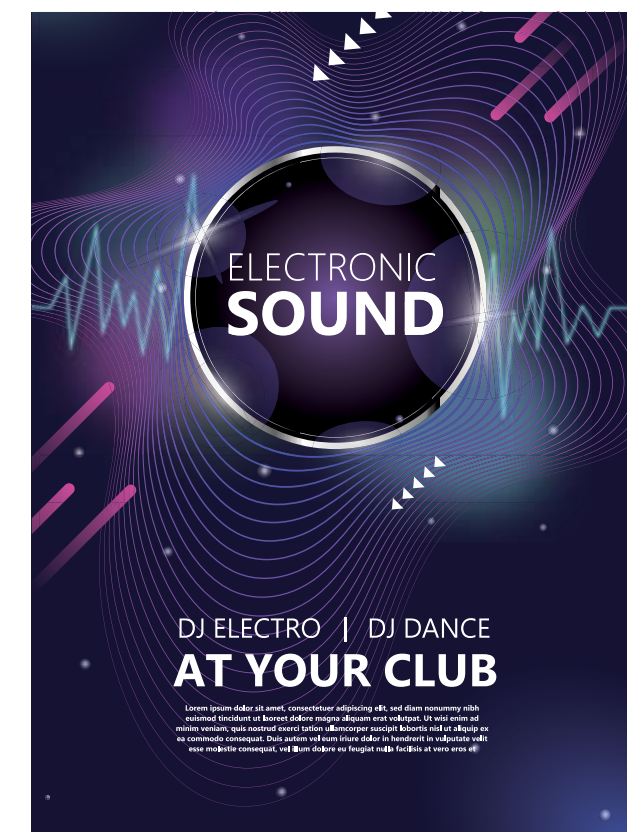

We print posters in digital and offset printing to A0 format.

Digital printing allows production from one piece.

Stickers we print paper, foil, or 3D - resins, which can also be clear.

The material is selected according to the environment to which they are intended.

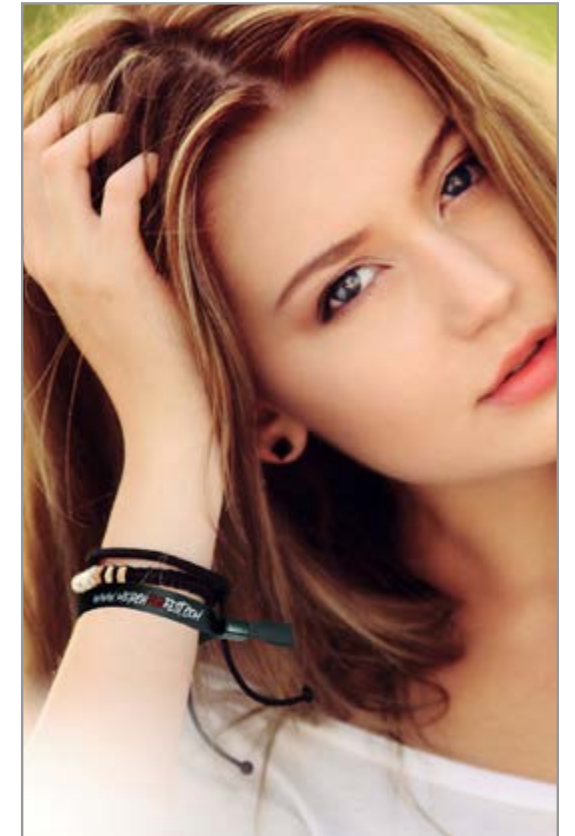

The stickers can be cut into the desired shape and size.

... i'll come to the festival

Paper - cheap, disposable

Sublimation - textile full color rendered graphics

Dialed - textile, simpler graphics

wristband

- identification

For one-off, one-day events, you just need plain tyvetapes, affordable penny items. If you're already doing either more expensive action, or an event where you care about every detail, we recommend sublimation tapes. These tapes are characterized by extreme strength and can be beautifully rendered graphics on them. The visitor keeps her hands as a monumental souvenir :)

program

(Line up) for visitors

Stitched, glued or folded. Offset, or digital printing, color or black and white. We have many years of experience with the press, we will be happy to advise on the most suitable choice of papers, envelopes, ties, etc.

We recommend either a book where you can use ad pages or plastic cards that can be used from one side as a festival ad or event and the other as Line up.
